

A PARTNERSHIP PROPOSAL

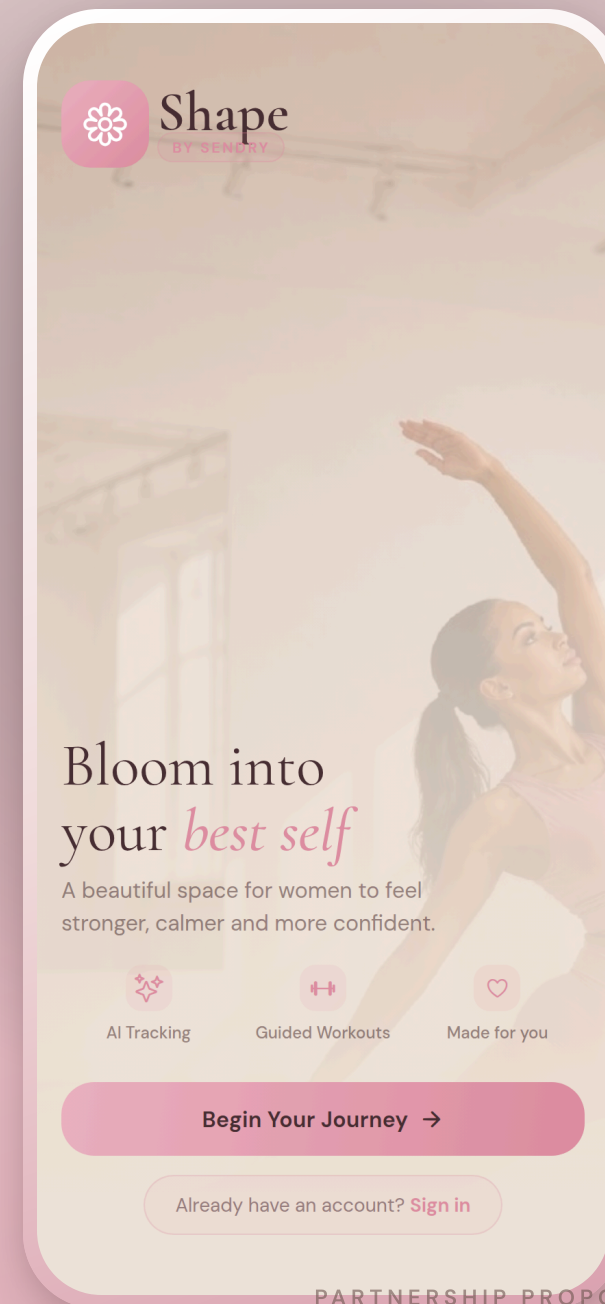

Your name is already *on it*.

A finished, beautiful fitness app for women, built around your coaching and branded **Shape by Sendry**. The product is ready. What it needs next is you.

THE OPPORTUNITY

The moment for women's wellness is *right now*.

Women everywhere want to feel stronger, calmer and more confident, and they want to be guided by someone they actually trust. The hardest part of building a fitness brand is earning that trust at scale. You already have it.

Trust

People follow people

Audiences subscribe to a face and a voice they believe in, not to a faceless app. That relationship is the product.

Reach

An engaged audience

A loyal, multi-country following is the single hardest asset to build. It is also the one piece a finished app cannot create on its own.

Timing

The product is ready

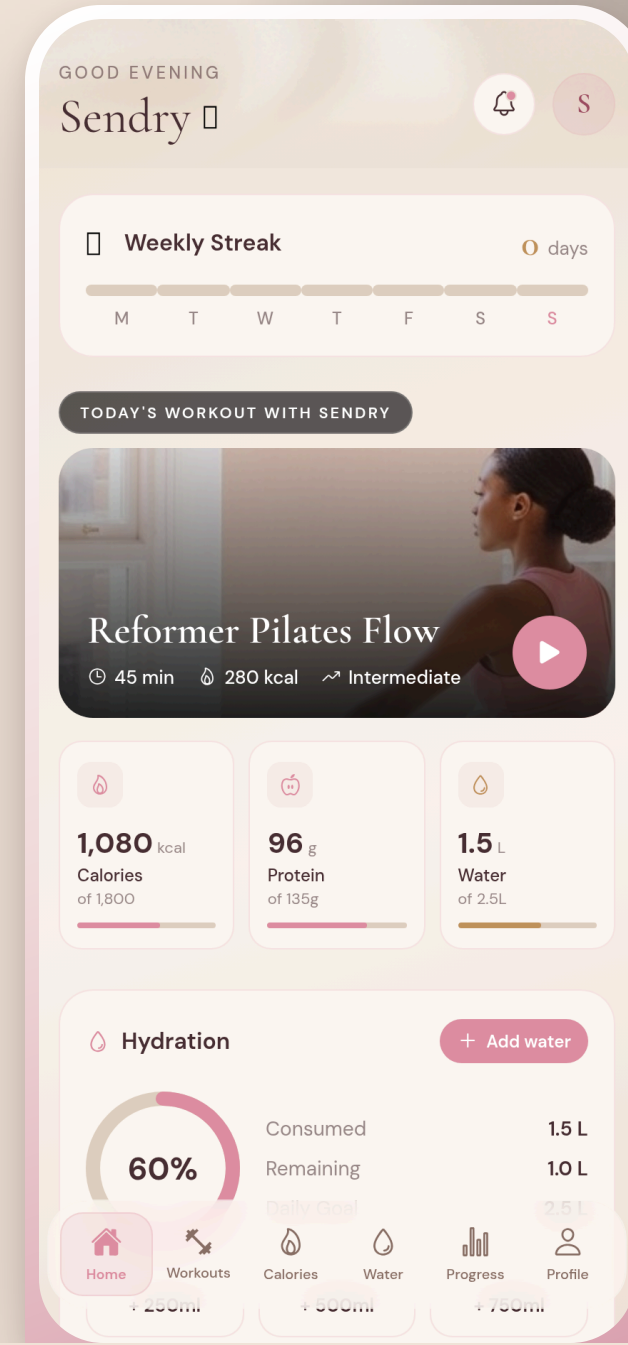

Most creators are pitched an idea. You are being handed a polished, working app that already carries your name.

MEET SHAPE

Not a concept. A *finished* app.

Shape is a premium fitness and wellness app made for women. It is designed, built and polished, the same quality you see on this screen, and ready for the app stores.

- ✓ Your workout videos sit at the heart of the experience.
- ✓ An AI calorie tracker makes healthy eating effortless.
- ✓ A subscription turns it into recurring monthly income.

A TOUR OF THE APP

Every screen, already *built*.

WHY YOU

269K

engaged followers, and counting.

A multi-country audience in the exact niche this app serves. That reach is the growth engine, and it is already yours.

The perfect-fit audience

1 Your followers already come to you for fitness and wellness. They are the exact people who subscribe.

Multi-country reach

2 From Namibia and beyond, a digital subscription crosses every border with no extra cost.

Authentic brand fit

3 Empowering women's wellness is your message. This app is simply that message, made into a product.

It already carries your name

4 Shape by Sendry. The brand was built around you from the very first screen.
